- Summarized what had been covered and what was needed for the following class meeting each week through email to all students. Of particular priority was touching base with students that had missed a week.
- To better assist students, provided access to my own semester project and informational interview with a creative professional from my own time in Eric Nyquist's class. Highlighted things that had and had not worked for me. Created a PDF containing information and insights I had learned in my portfolio design class in order for the students to utilize to hone their own presentation skills.

Art Teacher
From the Heart Performing Arts, Inc.
01.2017 - 08.2017

Moreno Valley, CA

- Alongside other music, dance, and theatre arts teachers, led K-8th Grade students enrolled in the afterschool program through visual arts exercises, assignments, and class discussions.
- Trained students alongside other teachers for final semester play and led them to cue positions.
- At the end of each semester, final play held and attended by parents and school community.

- Partnered closely with customers to problem-solve and choose paint and interior window treatments for their specific needs.
- Strategized with store management to guide customers, close sales, and follow-up on order status and delivery afterwards.
- Built rapport and loyalty amongst customers who returned for subsequent sales and guidance on other home improvement needs.

REC Leader
